

TO: HONORABLE MAYOR AND CITY COUNCIL
FROM: Mike Gesme, PEG Access Coordinator
SUBJECT: PEG Access Technician
DATE: September 1, 2015

BACKGROUND

Due to high school students graduating and going to college, we are down to one active part-time cable technician, and his availability is less during the school year. Usually we maintain 2-3 technicians, depending on the individual students' availability to work and involvement with other activities. To help us continue to broadcast meetings, sports, community events, and produce local interest programming, I recommend the hire of Logan Bauer. Logan has been volunteering this year, helping us broadcast baseball games. He is interested in pursuing a career in broadcasting, and is excited to gain this experience.

Wages for part-time technicians are included in the cable television budget, and no change to the budget is being requested at this time.

STAFF RECOMMENDATION

Staff recommends the City Council approve the hire of Logan Bauer as a part-time PEG Access Technician, pending a background check.

REQUESTED COUNCIL ACTION

I respectfully request a motion to approve the hire of Logan Bauer as a part-time PEG Access Technician, pending a background check.
