

TO: Honorable Mayor and City Council
FROM: Fire Chief Todd Anderson
SUBJECT: Increase Fire Area in Warsaw Township
DATE: 3/8/2016

BACKGROUND

I was approached by the township of Warsaw and they have requested that we take on the additional township sections for fire and rescue services. I have driven the area and it will be ok to take on the additional sections.

REQUESTED COUNCIL ACTION

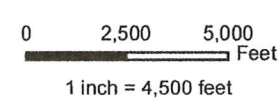

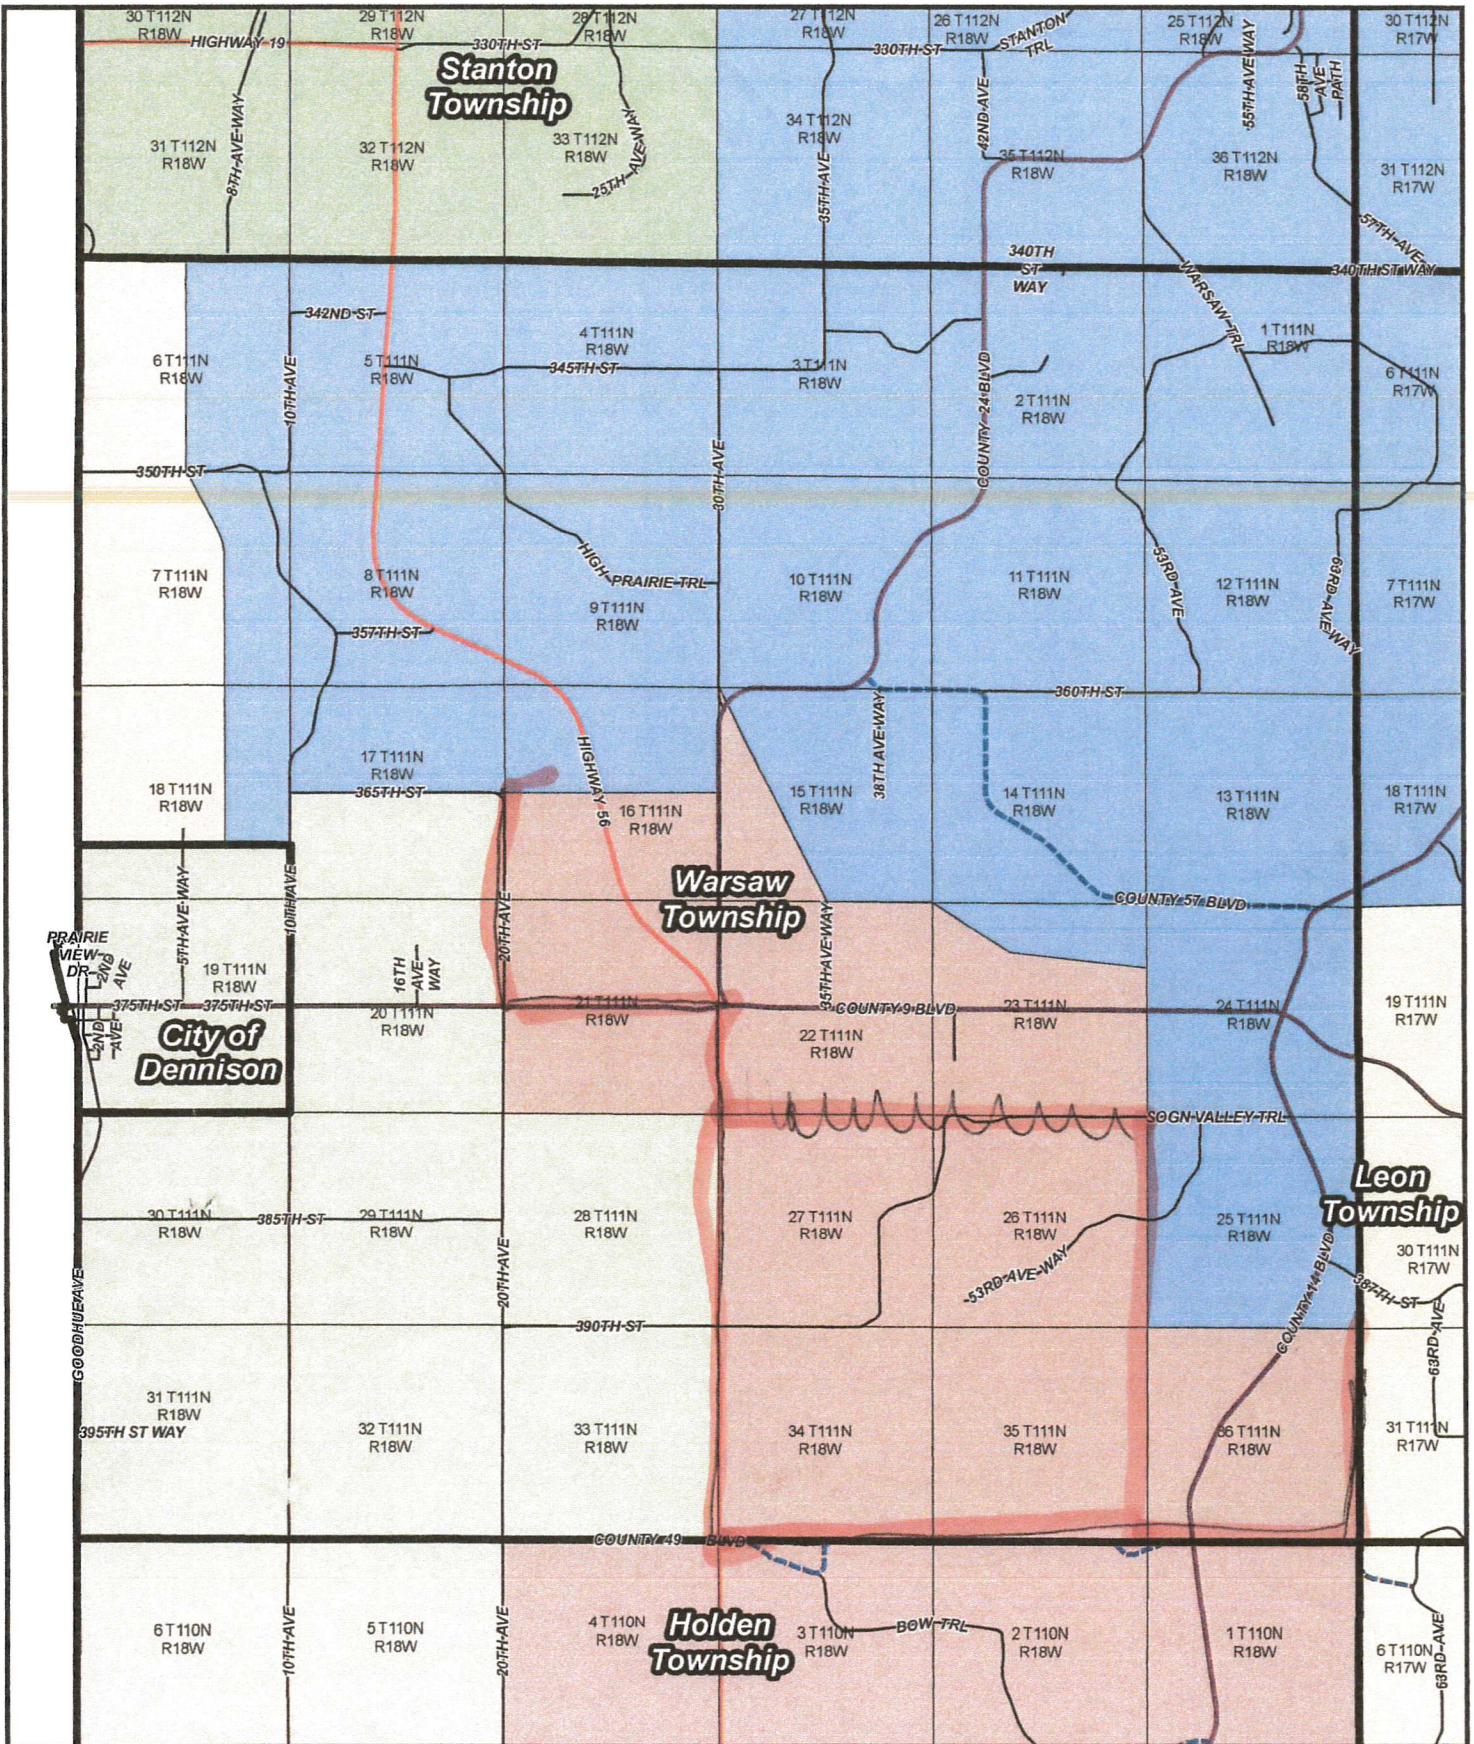

I would request that the council approve the action to move forward with the agreement with Warsaw township and the City of Cannon Falls Fire Department.

Warsaw Township Sections

Met with Warsaw Township board in the beginning of February and they requested us to look into taking over some sections for fire protection. The new sections they would like us to take over are as follows: Sections 26, 36, 35, 34, 27, 18, 22, the north ½ of 16, northern part of 21, the rest of section 23 and the rest of section 15. We currently have several sections in Warsaw Township already. In discussion I said that we could take them on at the current section price that they are already charged.

After checking into who is on the board of the Cannon Valley Fire association I found out that it is Jason Fehling, Doug Willie and Regan Melhouse. The Township Board would like to sign the contract in the early part of March. Contact person for the board is Emery Maher.
