

MEMORANDUM

TO: MAYOR AND CITY COUNCIL

FROM: Tom Bergeson, Director of Public Works

SUBJECT: Theis Water/Sewer Stubs

DATE: July 19, 2016

BACKGROUND

Last fall, the Public Works Commission recommended approval of the installation of the water/sewer stubs at the Charles Theis property (the former Depot). Assessments were paid when the road was rebuilt but the stubs were never installed. We have reached out to a local contractor and are awaiting a quote.

REQUESTED COUNCIL ACTION

Motion to approve the installation of the water/sewer stubs to the former Depot property as recommended by the Public Works Commission.
