

**TO: Honorable Mayor and City Council**

**FROM: City Administrator Ron Johnson**

**SUBJECT: Warsaw Township**

**DATE: July 28, 2016**

**BACKGROUND**

In March, City Council approved the fire department's request to expand the service territory for Warsaw Township.

Since that time, further discussions have taken place and Chief Anderson is requesting that the earlier action taken to expand the Warsaw Township be rescinded to only include a smaller addition to the territory.

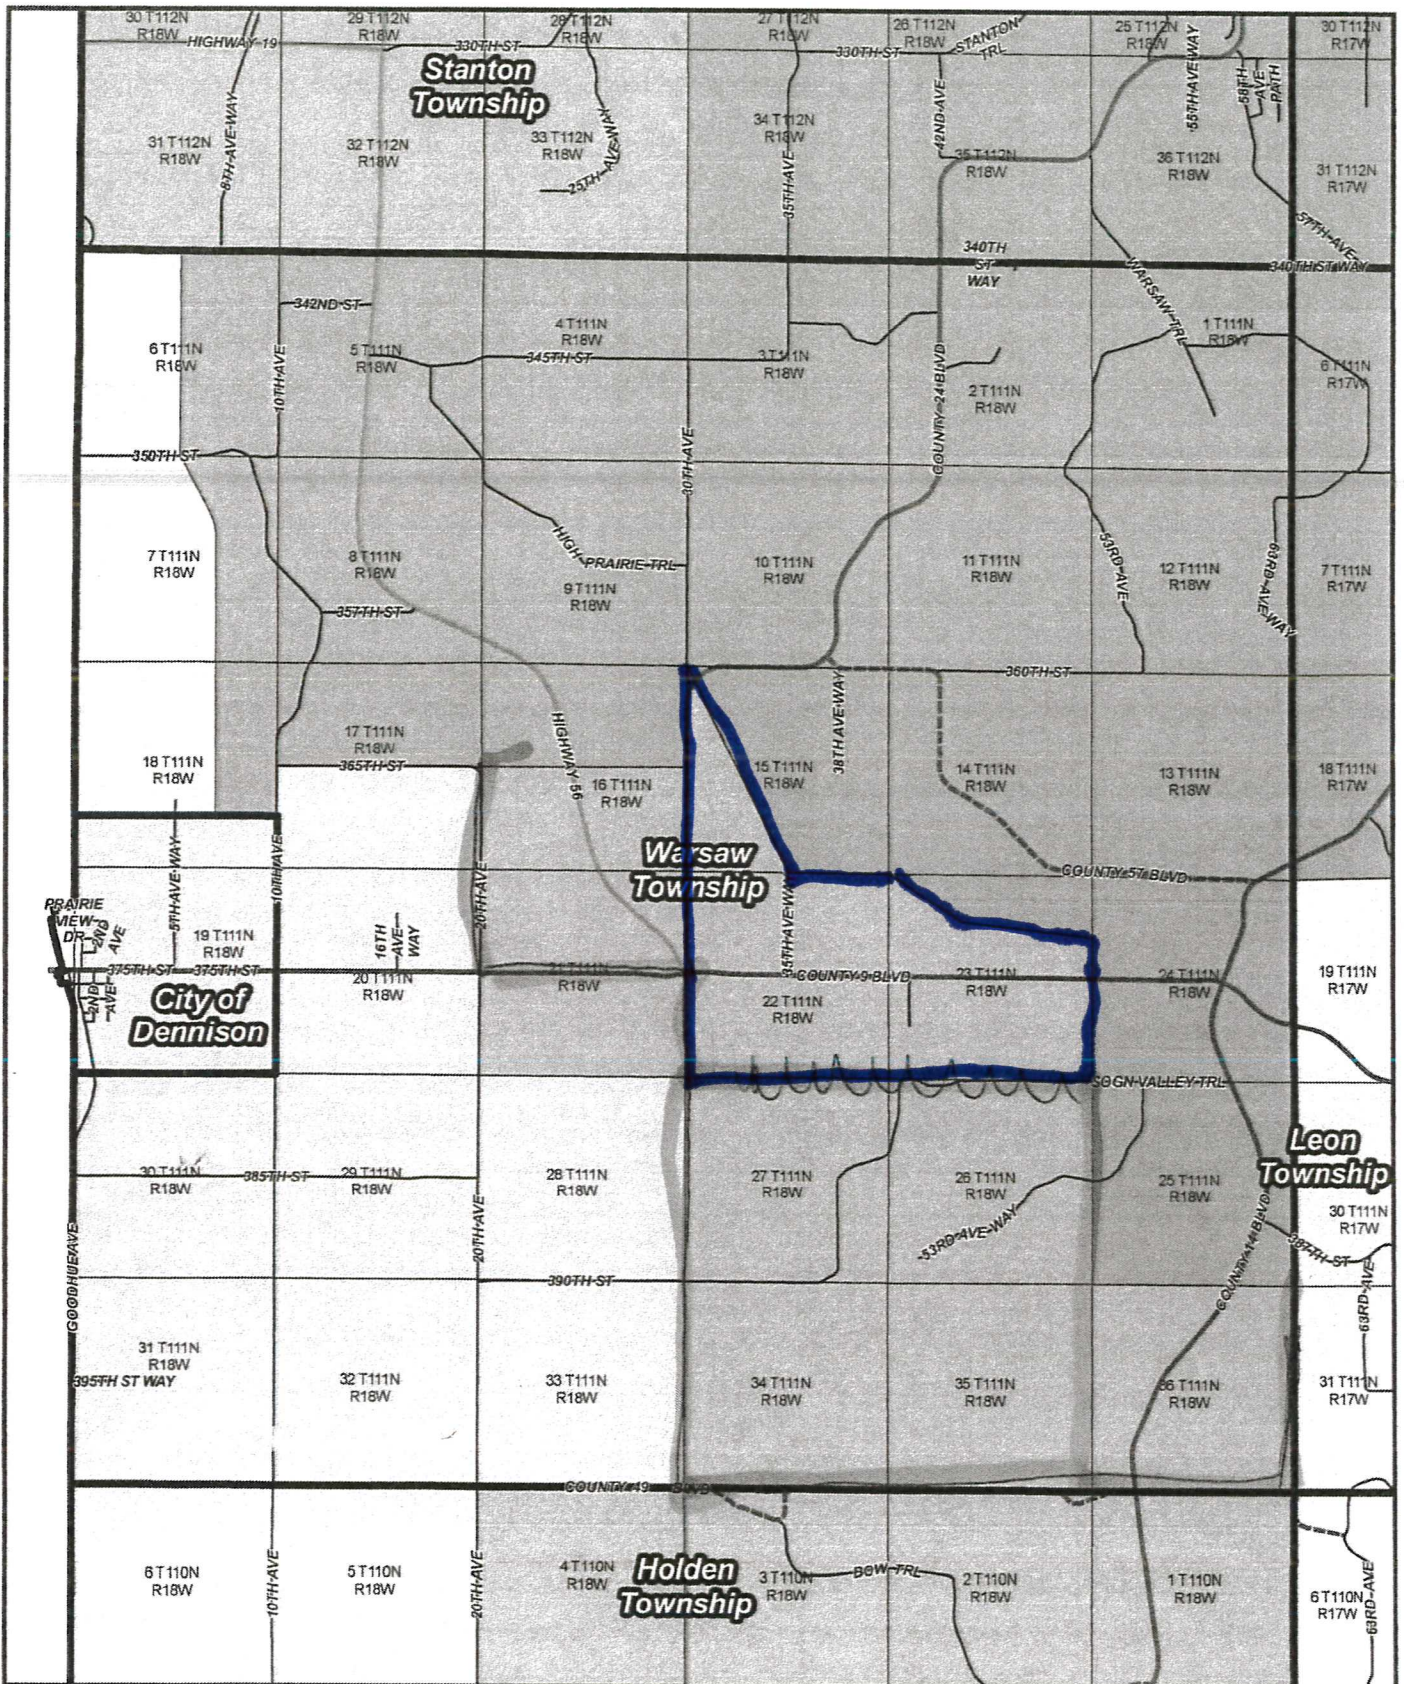

The request is to approve the inclusion of only the following additional service territory of Warsaw Township:

-Section 22 and the balance of Sections 15 and 23.

**REQUESTED COUNCIL ACTION**

Approve a motion to rescind the March 15, 2016 motion approving of the increase of the City of Cannon Falls Fire Department service territory of Warsaw Township, and approve a new motion increasing the coverage area of Warsaw Township by adding only Section 22 and the balance of Sections 15 and 23.
