

**TO: HONORABLE MAYOR AND CITY COUNCIL**  
**FROM: Mike Gesme, PEG Access Coordinator**  
**SUBJECT: PEG Access Technician**  
**DATE: November 15, 2016**

**BACKGROUND**

We maintain a small number of part-time student technicians to assist with cable broadcasts and video production. Currently we are down to one, who is a senior this year. To help us continue to broadcast meetings, sports, community events, and produce local interest programming, I recommend the hire of Luke Newinski. Luke currently produces video for the school newspaper and is eager to gain more experience. I believe he will be a great fit for us.

Wages for part-time technicians are included in the cable television budget, and no change to the budget is being requested at this time.

**STAFF RECOMMENDATION**

Staff recommends the City Council approve the hire of Luke Newinski as a part-time PEG Access Technician, pending a background check.

**REQUESTED COUNCIL ACTION**

I respectfully request a motion to approve the hire of Luke Newinski as a part-time PEG Access Technician, pending a background check.
