SUBJECT: Second Reading - Proposed Modifications of Section 111 of City Code

DATE: April 28, 2017

BACKGROUND

At the April 18, 2017 City Council meeting these proposed changes had the first reading. The proposed changes are outline below.

The first revision deals with food service and items that must be offered. State Statues require that food preparation occur on the premises and served at tables, but does not require a specific list of items on the menu. The proposed change would bring our City Code in line with that, leaving the choice of menu items to the business to determine.

Further revisions are proposed to address employment of persons under 18, since all of our liquor licenses are required to be restaurants, they employ persons under 18. Our current City Code is restricted to what positions person under 18 can fill. The change would allow of persons under 18 to work in any position within the business, provided they do not serve or sell liquor.

If the City Council is comfortable with the proposed changes I would request the second reading be approved.
