

TO: MAYOR AND CITY COUNCIL

FROM: NEIL JENSEN, City Administrator

SUBJECT: Mill Street Parking Discussion

MEETING DATE: September 1, 2020

BACKGROUND:

A Cannon Falls Resident expressed concern over the parking situation on Mill Street in the block west of 4th Street. The diagonal parking is ok but for the oversize vehicles such as extended cab pickups. The street is narrow along that stretch of road and the discussion should be how to handle parking without losing valuable spaces if the city council wants to change one side to parallel parking.

A few discussion points could be:

Parallel Parking on the south side and keep the north side diagonal. This was the design in the past.

Adding additional parking in the lot to the west by painting 6-8 stalls. (This lot is for sale and may unavailable in the future.)

Discussion with legal if signage could be used to prohibit large vehicles?

STAFF RECOMMENDATION

For discussion and direction to staff so we can bring back options.

REQUESTED COUNCIL ACTION
