

TO: Mayor and City Council
FROM: Tim Malchow, EMS Chief
SUBJECT: Dispose of 2010 Horton Ambulance
DATE: October 6, 2020

BACKGROUND

On August 6, 2020 the City Council approved the purchase of a new ambulance. We took delivery of the new ambulance on August 25, 2020. With the new ambulance in service we do not need to keep the fourth ambulance.

This time we did not trade-in the ambulance since we were unable to get an amount agreed upon. We have an account with GovDeals which is a nationwide auction site for governmental agencies. They buyer pays all the fees associated with us selling the vehicle. GovDeals reach all over the United States and is a great place for us to sell this vehicle.

REQUESTED COUNCIL ACTION

Request a motion to approve the disposal of the 2010 Horton Ambulance and allow the EMS Chief to list it for sale.
