Water Tower Clean and Coat Inc. utilizes a ground operated, remote controlled robotic cleaning machine that relies on pressure spraying for cleaning the external surfaces of the spheroid towers. We wash above your logo to ground level. WTCC is not liable for the repair or refinishing of any surface areas as a result of our work on or in your tower. If it is determined that your existing paint might incur damage following the initial wash test strip, we reserve the right to cancel this contract and rescind the work order. Full access to your tower is required. We welcome an open inspection
