

**TO: Mayor and City Council**

**FROM: Dan Howard, Public Works Director**

**SUBJECT: Alley Paving**

**MEETING DATE: Tuesday, June 15, 2021**

### **BACKGROUND**

The City of Cannon Falls has budgeted money annually to upgrade 2 alleys per year from an aggregate surface to a bituminous surface. The first proposed alley is 411 feet long and is bound by North Street West, 2<sup>nd</sup> Street Southwest, Belle Street West and 1<sup>st</sup> Street Southwest. The second proposed alley is 340 feet long and is bound by 4<sup>th</sup> Street South, Colvill Street West, 3<sup>rd</sup> Street South and Belle Street West. Public Works Staff is involved in the preparation of the alley surface and hauling mix to save on trucking. Public Works reached out to Bill's Black-Top for a proposal. The first alley is estimated at \$8,500. The second alley is estimated at \$7,000. Total estimated cost for the two alleys is \$15,500.

As an addendum to this memo, I would like to include repaving the alley between Cannon River Winery and Antiques on 4th. This would tie into the new curb and sidewalk that was just poured in preparation for the mill and overlay project on Mill Street West. The old bituminous has been removed and the alley is aggregate at this time. Bill's Black-Top has estimated the cost of the project at \$1,500.

The total cost to pave the three alleys would be \$17,000 which would come from the Public Works bituminous budget.

## **REQUESTED COUNCIL ACTION**

I respectfully request a motion and approval to move forward with the alley paving as recommended by the Public Works Commission, and approve the additional paving project between Cannon River Winery and Antiques on 4th.

4305 322nd St. Way • Cannon Falls, MN 55009

### COMMERCIAL PROPOSAL/ACCEPTANCE

Job Name City of Cannon Falls Phone \_\_\_\_\_
