

MEMO

TO: HONARABLE MAYOR AND CITY COUNCIL

FROM: MIKE ALTHOFF, FIRE CHIEF

SUBJECT: 2020 Freightliner Full Response Pumper Change Order

MEETING DATE: August 3rd, 2021

BACKGROUND

Our apparatus replacement committee did a mid-build inspection of the pumper truck build. The attached change order notes some requested changes we would like to make to the truck. This is a normal process that I talked about when I presented the purchase of the truck. This change order is a little more expensive than usual since we are buying a demo truck. I would like to use the donation I made last month for \$8,000 from the relief and the \$6,000 donated this month to cover the cost of the change order.

STAFF RECOMMENDATION

Motion to approve the change order as noted for the 2020 Freightliner Pumper Truck Build.

REQUESTED COUNCIL ACTION

Approve attached change order.

Custom Fire Apparatus, Inc.
 509 68th Avenue
 Osceola, WI 54020
