

TO: Mayor and City Council

FROM: Dan Howard, Public Works Director

SUBJECT: WHKS feasibility report for Bluff Drive

MEETING DATE: Tuesday, August 17, 2021

BACKGROUND

Public Works is requesting permission to authorize WHKS Engineering to prepare a feasibility report for the completion of Bluff Drive. Work will also include assisting with the preparation of the preliminary assessment documents and assist with conducting the preliminary assessment hearing. The proposed improvements will include completing the final wear course of paving and any other items related to public infrastructure integrity that were not completed with the original construction.

REQUESTED COUNCIL ACTION

Motion and approval to authorize WHKS Engineering to prepare an engineer's feasibility report for the completion of Bluff Drive.
