

MEMO

TO: HONARABLE MAYOR AND CITY COUNCIL

FROM: MIKE ALTHOFF, FIRE CHIEF

SUBJECT: Disposal of 1991 Ford Pumper

MEETING DATE: September 21, 2021

BACKGROUND

On June 21st the council approved the purchase of a new 2020 Freightliner Pumper Truck. We took delivery of that truck on August 24th and put in in service a week later. Now we need to dispose of the 1991 Ford. I have a price in mind that seems consistent to other vehicles of the same age and type that I have found for sale around the country. Other departments have had success selling equipment on GovDeals which is a nation-wide auction site that we have an account with. I would like the authority to auction the truck on this site and sell to the highest bidder. The buyer would pay all associated costs for the purchase and would sell in as is condition.

STAFF RECOMMENDATION

Give selling authority to the Fire Chief and auction the 1991 Ford Pumper Truck on GovDeals, selling to the highest bidder in as is condition.

REQUESTED COUNCIL ACTION

Approve the Fire Chief auctioning the 1991 Ford Pumper Truck on GovDeals.
