

TO: Mayor and City Council

FROM: Dan Howard, Public Works Director

SUBJECT: Park Street Mill and Overlay

MEETING DATE: Tuesday, March 15, 2022

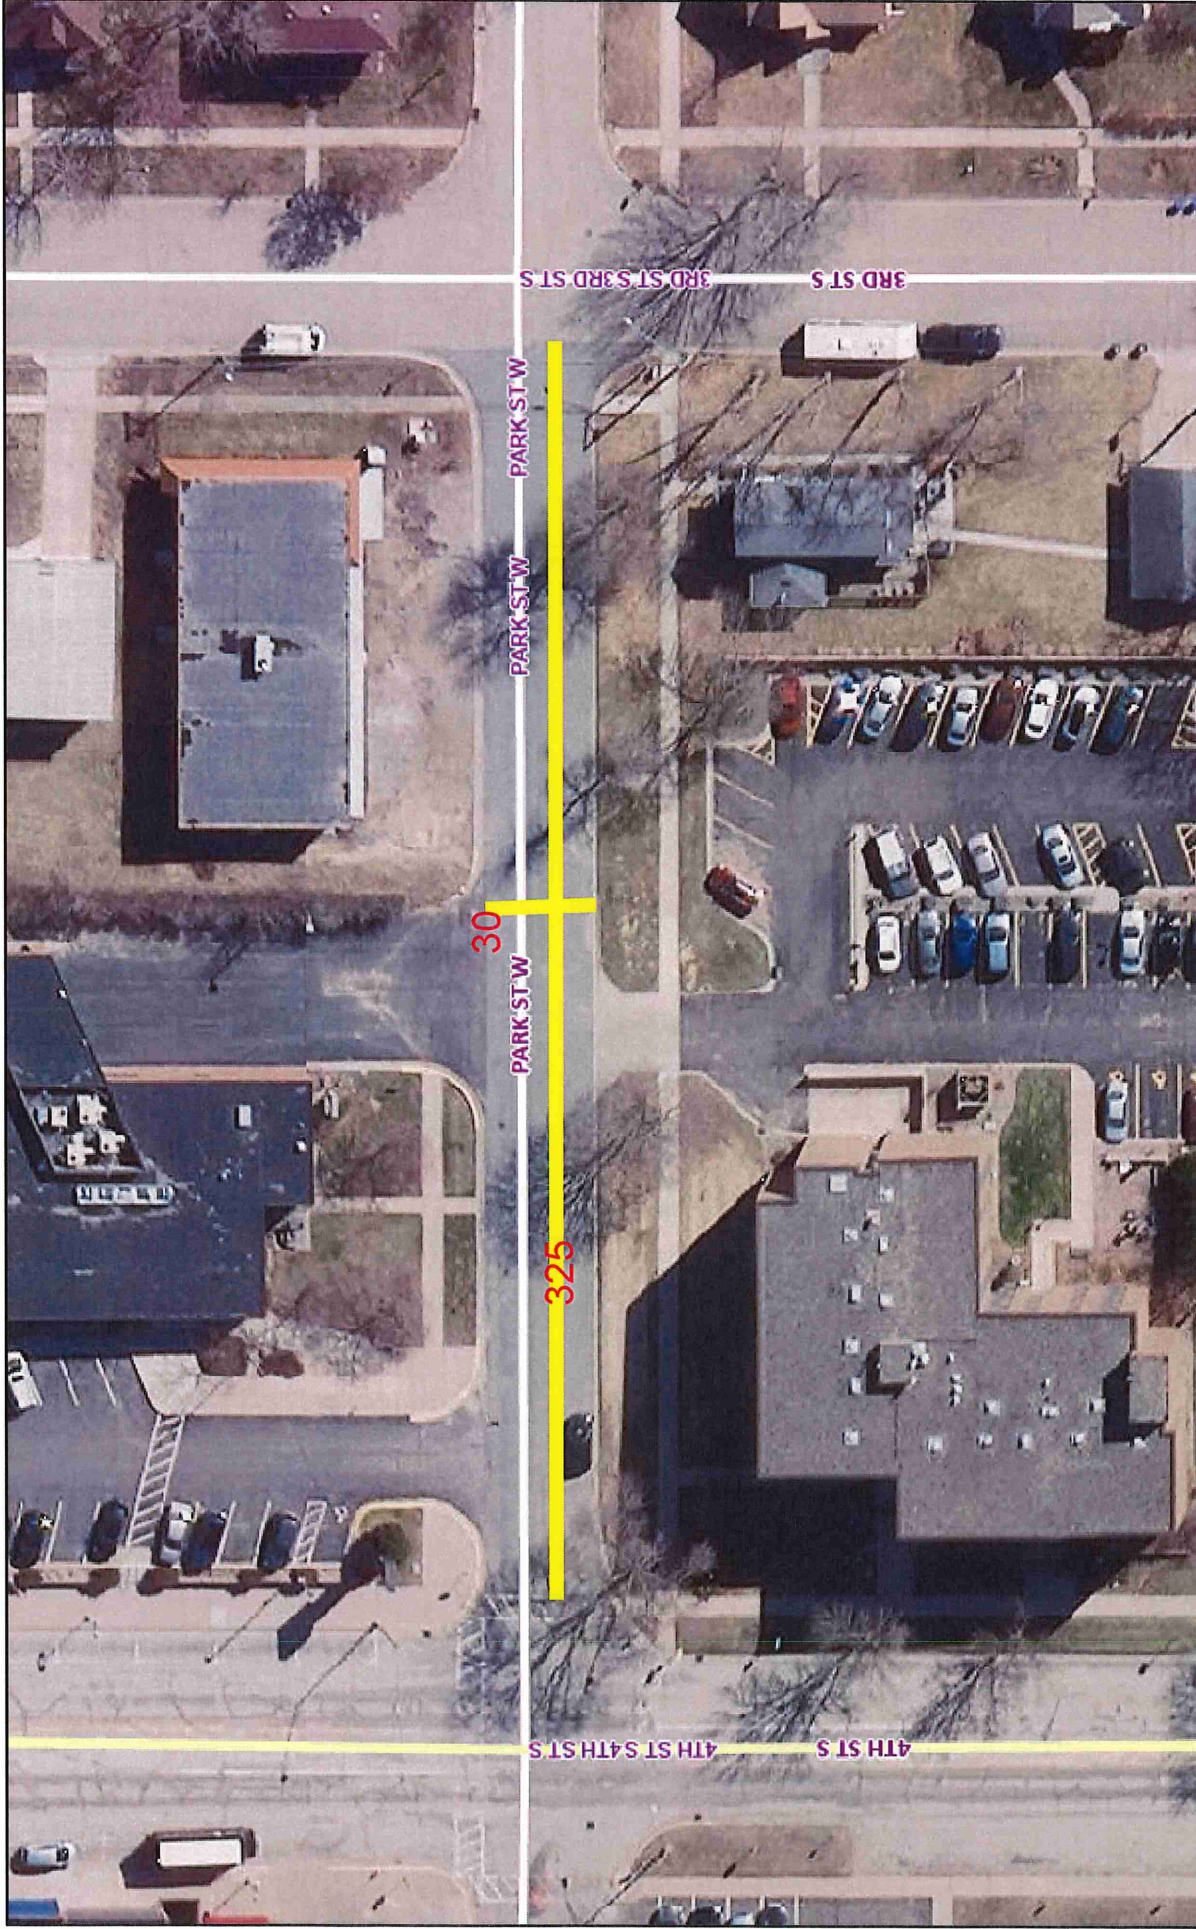

BACKGROUND

Goodhue County will be adjusting the grade of the sidewalk at the Park Street Apartments as part of their 2022 Mill and Overlay project of CR22. At the September 7, 2021 City Council meeting, motion and approval was granted to allow replacement of the City's share of the sidewalk. Along with that, Public Works would like to include Park Street West between 3rd Street South and 4th Street South as one of our 2022 Mill and Overlay budget items. That would include making the sidewalk entrances ADA compliant at the northwest and southwest corners of Park Street West and 3rd Street South. Goodhue County may include this as part of the CR22 Mill and Overlay project and invoice the City of Cannon Falls for its portion.

REQUESTED COUNCIL ACTION

I respectfully request motion and approval to move forward with this project as recommended by the Public Works Commission.
