

TO: Mayor and City Council

FROM: Dan Howard, Public Works Director

SUBJECT: MnDOT Metro Snow Removal

MEETING DATE: Tuesday, November 1, 2022

BACKGROUND

MnDOT Metro requires a new agreement each year for snow removal services on trunk highways within municipalities. Please find attached the equipment we use to perform snow removal and the hourly rate of each piece of equipment. The Metro snow removal area is on 4th Street from Main Street to North of the Big Cannon River.

MnDOT pays for the accumulating and loading of the snow and The City of Cannon Falls pays for the hauling and the dumping of the snow.

MnDOT District 6 has a different method of paying municipalities based on a written agreement with the City of Cannon Falls that expires on June 30, 2024.

Due to time constraints, I was unable to present this to the Public Works Commission prior to this meeting.

REQUESTED COUNCIL ACTION

Please make a motion to approve Resolution 2652, approving a cooperative snow removal agreement with MnDOT Metro.

RE: Snow Removal on Trunk Highways within Municipalities

To Whom It May Concern,

Joint snow removal by cities, municipalities, and the Minnesota Department of Transportation (MnDOT) on trunk highways within cities and municipalities, primarily within business areas, has again been authorized for the upcoming winter season.

The basis of this joint agreement is that MnDOT pays for all loading costs and the city pays for all truck hauling costs. Loading, or a part thereof, may be done with MnDOT units if available.

The following practice has been established in connection with snow removal:

Municipal authorities shall furnish MnDOT with a description and hourly rental rate of publicly owned equipment available for that purpose and under their control on the enclosed forms: Informal Bid for Services and Rentals and Certificate of Insurance.

To expedite the renting of privately-owned local equipment customarily employed for this purpose by cities/municipalities, we would appreciate it if you will have the owner submit a Rental offer and equipment Insurance Certificate on these same forms. **The MnDOT sub-area supervisor shall be notified by your Public Works Department of your intention to perform such work to enable him/her to determine if MnDOT loading equipment is available, or to record time for city/municipality-controlled equipment furnished at MnDOT's request and expense.**

Loading and hauling equipment should be kept in balance to eliminate costly unproductive waiting time for equipment furnished by both parties.

MnDOT owned equipment for this purpose will be available only when requirements of snow and ice removal on the Trunk Highway/Interstate system have been met.

Requests, by the city/municipality for reimbursement of authorized snow removal should be submitted monthly. Use the attached MN Department Transportation Hired Equipment form or your company invoice form; make sure to include the city name, address, trunk highway number, equipment used, hours and dates.

Final reimbursements shall be submitted by May 10, 2023. Failure to meet deadline submittal may result in no reimbursement of services rendered.

- Please submit your primary contact name, number and email address on the reimbursement request.
- We would like all correspondence to and from cities and municipalities to be handled via email to Lynn Tschida at Lynn.Tschida@state.mn.us

If no loading equipment is available, please notify your MnDOT truck station contact from the enclosed list and we will work with your agency to make the best possible alternative arrangement.

Your cooperation in completing rental agreements by November 8, 2022 will be appreciated.

If you have any questions, please contact MnDOT Clear Roadways Assistant, Lynn Tschida at 651-775-8271.

Sincerely,
