

WELCOME

Garbology 101

**What are we supposed
to do with this stuff?**

What about garbage?

Garbage can be just about anything, can't it?

- Old tires, furniture, banana peels, candy wrappers, water bottles, etc...
- What do I do with this stuff?

Where does the garbage go?

- Landfills
- Burned to produce electricity
- Illegally dumped

Landfills

Burned to produce electricity (Waste-To-Energy)

Illegal dumping

Whatever happened to Recycling?

Why should I recycle?

Why should I recycle?

Why should I recycle?

Trash can do more.

Recycling is good for the environment and our local economy. Learn what you can do at home.

recyclemoreminnesota.org

Contact the Goodhue County Public Works Department
at: 651-385-3025 for more information
or visit us on the web at:
www.co.goodhue.mn.us

It's So Easy to do!

- It only takes a few extra minutes to rinse out and separate recyclables
- It doesn't take up a lot of extra space to store the recyclables
- Your garbage can won't fill up as quickly as before
- Less garbage that goes in the landfill for future generations to deal with.

What we do at the Goodhue County Recycling Center

What Goodhue County offers

- A complimentary service for your recyclables
- Source separated recycling (that's you!)
- Expanded recycling options beyond plastic, aluminum and cardboard

Source Separated Recycling?

- YOU bring your recyclables to us already separated into:
 - Plastic ( ) ONLY
 - Metal: tin and aluminum
 - Clear glass bottles & jars ONLY
 - Brown glass bottles & jars ONLY
 - Green glass bottles & jars ONLY
 - Newspapers, including inserts
 - Cardboard
 - Magazines

Expanded Recycling Options?

- The Goodhue County Recycling Center offers additional recycling options:
 - Used oil and oil filter disposal for residents
 - Used, clean & dry clothing
 - Office paper
 - Fluorescent bulbs
 - Batteries; excluding: Alkaline and Heavy Duty batteries

What do we do?

What we Don't do?

Household Hazardous Waste Collections

- Collections take place in the following cities:
 - Cannon Falls, Goodhue, Kenyon, Pine Island, Wanamingo and Zumbrota
 - Collections run May - August!
 - HHW Drop-Off available in Red Wing, Monday - Friday between 8am - 3pm May through October

What do we do?

Why collect Hazardous Waste?

DID'T... FOR CONTROL OF HOUSEHOLD PESTS

Prepared by the
Bureau of Entomology and Plant Quarantine
Agricultural Research Administration
United States Department of Agriculture, and
the United States Public Health Service
Federal Security Agency

Washington, D. C. • Issued March 1947

"DDT is good for me-e-e!"

The great expectations held for DDT have been realized. During 1946, exhaustive scientific tests have shown that, when properly used, DDT kills a host of destructive insect pests, and is a benefactor of all humanity.

Pennsalt produces DDT and its products in all standard forms and is now

one of the country's largest producers of this amazing insecticide. Today, everyone can enjoy added comfort, health and safety through the insect-killing powers of Pennsalt DDT products . . . and DDT is only one of Pennsalt's many chemical products which benefit industry, farm and home.

GOOD FOR FRUITS—Bigger apples, juicier fruits that are free from unsightly worms . . . all benefits resulting from DDT dusts and sprays.

GOOD FOR STEERS—beef grows meatier nowadays . . . for it's a scientific fact that—compared to untreated cattle—beef-steers gain up to 50 pounds extra when protected from horn flies and many other pests with DDT insecticides.

KNOX FOR THE HOME—helps **Knox-Out** to make healthier, more comfortable homes . . . protects your family from dangerous insect pests. Use **Knox-Out** DDT Powders and Sprays as directed . . . then watch the bugs "bite the dust"!

KNOX FOR DAIRIES—Up to 20% more milk . . . more butter . . . more cheese . . . tests prove greater milk production when dairy cows are protected from the annoyance of many insects with DDT insecticides like **Knox-Out** Stock and Barn Spray.

KILLING SALT

CHEMICALS

97 Years' Service to Industry • Farm • Home

GOOD FOR ROW CROPS—25 more barrels of potatoes per acre . . . actual DDT tests have shown crop increases like this! DDT dusts and sprays help truck farmers pass these gains along to you.

KNOX FOR INDUSTRY—Food **Knox-Out** processing plants, laundries, dry cleaning plants, hotels . . . dozens of industries gain effective bug control, more pleasant work conditions with Pennsalt DDT products.

Where do I get rid of.....?

- Tires: the Wanamingo Demolition Debris Landfill (Wanamingo Landfill), Red Wing Waste Campus
- Appliances: Wanamingo Landfill, other appliance recyclers, Red Wing Waste Campus
- Furniture: Wanamingo Landfill, Red Wing Waste Campus
- ??????

Why do we need to do all of this?

- So we don't have garbage dumps everywhere!
- Your health, the environment's health
- To Protect our water and food supply!

Water?

- What's the big deal?
- Where do you get your drinking water?
- How does what you do impact the people around you?

Any Questions?
