

TO: Mayor and City Council
FROM: Jed Petersen, Public Works Director
SUBJECT: Digester decant valves
MEETING DATE: Tuesday, August 15, 2023

BACKGROUND

The City of Cannon falls Wastewater Treatment plant relies on a series of plug valves in a decant tree. These plug valves allow operators to decant the clear supernatant from the sludge in the digester. Two of the plug valves are no longer operational. Parts for these valves are no longer manufacture because of the age of the valves.

New replacement plug valves are \$1289.77 per valve from DSG and \$1509.75 per valve from Core & Main with a difference of \$219.98. After comparing quotes public works would like to purchase two plug valves from DSG at a total cost of \$2,579.54.

REQUESTED COUNCIL ACTION

Motion and approval to move forward with the purchase of two plug valves from DSG for a total of \$2,579.54.
