

**TO: Mayor and City Council**

**FROM: Jed Petersen, Public Works Director**

**SUBJECT: Sewer Credit Account 0304-00**

**MEETING DATE: Tuesday, January 21, 2025**

### **BACKGROUND**

Michael and Miranda Davidson are requesting a sewer credit for a leaking hose in the amount of \$302.02. This in accordance to the Policy on granting a credit on water/sewer accounts. Customer will be billed for the average of the previous year plus 10%.

The Davidsons discovered that an outside hose that had been left on was leaking from November 16<sup>th</sup> to December 8<sup>th</sup> 2024. Public Works was able to run a data logger on the meter and verify the constant water usage. The water leaked from an outside hose and did not enter the sewer system.

### **STAFF RECOMMENDATION**

This was presented to the Public Works/Park Board and approved to move forward for council approval.

### **REQUESTED COUNCIL ACTION**

Motion and approval to grant a sewer credit in the amount of \$302.02 to account 0304-00 located at 515 Minnesota St E.

## **POLICY ON GRANTING A CREDIT ON WATER/SEWER ACCOUNTS**

### **Purpose**

This policy formally sets forth written guidelines under which the City will grant to water/sewer customers.

### **In General**

The City has operated under a written policy in giving credit on the sewer charge to customers when the customer has reported an abnormality on their bill.

Therefore, if the customer reports to the City staff an abnormality appearing on their bill, staff will research the situation and utilize the following procedure.

### **Procedure**

Consistent with this policy, the following procedure will be followed:

1. If the customer notices an abnormality that may affect their bill, i.e. a leak outside their house, the customer reports the problem to the Utility Clerk.
2. The Utility Clerk must assess and investigate the situation.
3. The Customer must pay for all of the water used. Credit will be given only on the sewer charge. The credit will be calculated by determining the average sewer charge for the previous year of the customers history. The customer will be billed for the average plus 10%. Any amount over \$150.00 requires City Council approval.
4. In order to receive a credit the customer must be paid up to date on their water/ sewer account.
5. There will be no credit given if the water enters the sewer system.
6. Only one credit for the previous billing cycle will be issued per property every 5 years.
