

TO: Mayor and City Council

FROM: Jed Petersen, Public Works Director

SUBJECT: 3500 Service Body and Crane

MEETING DATE: Tuesday, May, 6 2025

BACKGROUND

I am writing to request approval for the purchase of a new Chevrolet 3500 with a service body and crane, a planned acquisition under the Capital Equipment Fund.

This truck is a critical asset for the City of Cannon Falls, as it is the only vehicle in our fleet equipped with a crane capable of removing pumps from our lift stations and the wastewater treatment plant. Continued operation without a reliable replacement poses operational risks and could lead to service interruptions.

Budget and Cost Summary:

- **Budgeted Amount:** \$65,000
- **Cab and Chassis Cost:** \$45,413
- **Service Body and Crane Cost:** \$49,348
- **Total Cost:** \$94,761

To help offset the overage, we will be auctioning off the current 2013 Chevrolet 3500 with service body and crane. We anticipate receiving between **\$15,000 and \$25,000** from this sale, depending on market conditions.

Financial Impact:

After the auction, the **net cost** to the city will range from **\$69,761 to \$79,761**. This exceeds the original budget by **\$4,761 to \$14,761**, but the need for a dependable crane-equipped vehicle is essential for maintaining critical infrastructure and avoiding potential emergency repair costs.

Given the importance of this equipment and the relatively minor overage compared to the long-term operational value it provides, I respectfully recommend moving forward with the purchase.

REQUESTED COUNCIL ACTION

I respectfully request a motion and approval to move forward with the purchase of a new Chevrolet 3500 with service body and crane.
