

TO: Mayor and City Council

FROM: Jed Petersen, Public Works Director

SUBJECT: Seasonal Part-time Public Works

MEETING DATE: Tuesday, June 17, 2025

BACKGROUND

I am recommending the hiring of Nick King as a seasonal part-time Public Works staff member at \$16 per hour. Nick currently works for the Metropolitan Airport Commission and brings with him an extensive background in airfield maintenance. His experience with grounds maintenance, equipment operation, and safety procedures will be a strong asset to our team during the busy summer season.

In addition to Nick, we will also be hiring two additional seasonal part-time public works employees to support our summer maintenance efforts throughout the city at a pay rate of \$14 per hour.

- Elliot Renneke
- Austin King

These seasonal hires will help us keep up with parks, streets, and facility maintenance needs during the peak months and ensure continued service to the community.

REQUESTED COUNCIL ACTION

I respectfully request a motion and approval to move forward with hiring these three seasonal part-time employees.
