

**TO: Mayor and City Council**

**FROM: Jed Petersen, Public Works Director**

**SUBJECT: Stump Grinding**

**MEETING DATE: Tuesday, June 17, 2025**

### **BACKGROUND**

The city currently has approximately 70 tree stumps located throughout parks and boulevards that require grinding. These stumps are the result of tree removals completed over the past winter and have begun to impact mowing operations and public aesthetics.

To address this, we solicited quotes from two local contractors to complete the necessary stump grinding work. D&K Larkin was the only contractor to respond with a proposal. They have submitted a quote in the amount of \$5,000 to grind all 70 stumps.

Based on their responsiveness and past work history with the city, I recommend we move forward with D&K Larkin to complete this project.

### **REQUESTED COUNCIL ACTION**

I respectfully request a motion and approval to move forward with D&K Larkin for stump grinding.
