

TO: Mayor and City Council

FROM: Jed Petersen, Public Works Director

SUBJECT: Surplus Equipment Declaration and Purchase of Replacement Tractor

MEETING DATE: Tuesday, October 7, 2025

Background

The Public Works Department currently maintains a 1986 Massey Ferguson 1040 tractor that serves multiple purposes, including creating and maintaining the ice rink, fertilizing, and caring for the ball fields and other grounds. The tractor's front wheel assist no longer works as designed and leaking oil. Despite repeated repair attempts, the age of the unit and the lack of available parts have made further repairs impractical. The Massey is not listed on the City's capital equipment replacement schedule.

Additionally, the department owns a 2016 Morbark M12RX wood chipper with only 214 operating hours. This equipment has not been used in more than three years. Recent market listings indicate a resale value in the range of \$20,000 to \$25,000.

Staff Recommendation

Staff recommends declaring both the 1986 Massey Ferguson 1040 tractor and the 2016 Morbark M12RX wood chipper as surplus equipment and selling them at auction. Staff further recommends that the proceeds from these sales, combined with the 2026 small equipment fund allocation, be applied toward the purchase of a new John Deere 3033R Compact Utility Tractor at an estimated cost of \$36,000. This replacement will provide reliable service for ice rink maintenance, turf care, and other seasonal tasks.

Requested Council Action

Motion to:

1. **Declare Surplus Equipment:** Approve the declaration of the 1986 Massey Ferguson 1040 tractor and the 2016 Morbark M12RX wood chipper as surplus.
2. **Authorize Auction Sale:** Approve staff to sell the surplus equipment at public auction.
3. **Approve Equipment Purchase:** Authorize the use of auction proceeds, supplemented by funds from the 2026 small equipment fund, for the purchase of a John Deere 3033R Compact Utility Tractor at a cost not to exceed \$36,000.
